- 3. The American Quarter Horse Association will invest all funds received from stallion nominations with the earned interest added back to the Incentive Fund. AQHA may deduct accumulated cost of administrating the program from the gross proceeds from the stallion and foal nominations, not to exceed 10%.
- 4. All disputes arising out of the application or interpretation of any rules or conditions of the AQHA Incentive Fund shall be decided by AQHA.
- 5. AQHA will publish a list of nominated stallions and will have as part of a stallion's permanent record with AQHA, the stallion's eligibility status regarding the Incentive Fund. That list will be published in the October through April issues of *The American Quarter Horse Journal*. Nominations not cleared by deadline for the April issue will not be published. AQHA reserves the right to cancel the eligibility of any stallion nominated if it should determine that the nomination fee submitted is less than the actual amount that should have been paid, provided that the nominator shall have 30 days in which to accept and pay the nomination fee determined by AQHA.
- 6. AQHA reserves the right to alter the conditions of all or part of the Incentive Fund Program as it, in its sole discretion, determines to ensure fairness and equality to all participants. Further, at its sole discretion, AQHA may cancel the program at any time and refund money if it deems horsemen's participation is insufficient to justify the program.
- 7. An entrant is ineligible to participate in the Association's Incentive Fund Program where prohibited by law because of legal residence, situs of approved event, or any other basis, and all or the prohibited portion of earned points or purse money shall be disregarded in calculations for

- 8. Fees received from stallion nominations, along with the corresponding foal nominations, will be used to convert points earned at AQHA shows into premium money. Each point earned at an AQHA-approved show in the open and/or amateur division by a horse nominated to the Incentive Fund as a foal will be worth money, the exact amount to be determined by AQHA based on the total money in the fund for a given year divided by the number of points earned by Incentive Fund nominated horses during that year.
 - A. From the premium money available for each point earned at an AQHA-approved show by Incentive Fund nominated foal, 10% will be awarded to the nominator of the sire and 10% awarded to the nominator of the foal. The remaining 80% will be awarded to the recorded owner of the point earning horse as of December 31 of the year in which the points are earned, on AQHA records.
 - B. Calculation of winnings shall be based on the official show records of the Association as of January 31 following the completion of the show year in which the points were earned. Subsequent correction of show results for any reason shall not affect calculation of winnings. All winnings are subject to Internal Revenue Service rules and regulations pertaining to withholding of tax and the reporting of earnings. Any payout checks which are less than \$10.00 will not be issued, and those monies reverted back to the Incentive Fund
- 9. For rules regarding AQHA-approved shows, eligibility of competing horses, and points earned, refer to the current edition of the AQHA Official Handbook.
